Re: Harris County’s Method of Distribution (MOD) – 2017 Hurricane Harvey CDBG-DR Funds

Dear Ms. Lemelle:

The Texas General Land Office Community Development and Revitalization program (GLO-CDR) has completed its review of materials submitted in support of Harris County’s proposed MOD for the Community Development Block Grant Disaster Recovery (CDBG-DR) funds reserved for communities affected by Hurricane Harvey. We are happy to inform you that upon execution of a grant agreement with HUD following their approval of the State of Texas Plan for Disaster Recovery: Amendment 1, Harris County’s proposed MOD is approved as submitted on November 7, 2018.

GLO-CDR approves Harris County’s proposed allocation of a Local Infrastructure Program to fund the identified entities. The terms of the conditional approval are noted below:

1. Subrecipients are required to conduct outreach to local governments, housing advocacy organizations, faith-based organizations, community groups representing protected classes and vulnerable populations, and Limited English Proficient persons, as part of the application process.

2. Acceptance of the MOD does not indicate eligibility or approval of funding for any proposed projects.

3. Harris County’s allocation must meet the requirement that 70 percent of funds benefit low- to moderate-income persons. Projects that do not meet HUD’s national objective for benefitting low- to moderate-income persons may not be approved until the County shows this allocation requirement is met.

Citizen Participation

Below is a description addressing how the County complied with their Citizen Participation Plan regarding citizen and non-governmental organization outreach, and any additional efforts exceeding GLO minimum public participation requirements:

Harris County has conducted thirteen (13) open house style community meetings through the county, particularly in or near low-to moderate-income areas to discuss recovery needs between May and June 2018. HCCSD coordinated innovative ways to market and encourage residents to attend meetings by creating a blog website, sending press releases, posting the meeting flyer on social media, knocking on doors, making phone calls to residents, sending text messages, contacting school districts, local non-profits, and direct mail. As a result, a total of 931 residents attended the community meetings. We also partnered with BakerRipley and Texas Organizing Project (TOP) to conduct meetings in their areas of Harris County and both organizations were able to solicit well over 500 residents to attend their meetings.

Cities listed in the MOD also conduct in partnership with the county community planning public hearings to discuss recovery, CDBG-DR funding, unmet needs, and possible projects to assist in recovery. A public notice to the meeting was posted to the local newspapers and county’s website. Meetings were conducted in September to November 2018.

A community survey is underway to assess resident needs regarding Hurricane Harvey Recovery and barriers to fair housing. So far, 569 survey have been collected. Surveys have and are available via online
at social media sites and county website/blog, and in paper form at community events. Surveys were translated into English, Spanish, and Vietnamese.

The County also created a grassroots community engagement toolkit called Meeting in a Box (MIB). The MIB allows individuals and community leaders to host smaller focus group meetings aimed at soliciting input on recovery needs, long term goals, and strategies for funding. The toolkit is available for download on our blog/website. MIB facilitators are provided instructions and a script to conduct small group meetings and return the results to County staff.

The MOD documents was posted on the county’s website for a 30 day comment period beginning September 24, 2018. A public notice was published in the Houston Chronicle and La Voz (Spanish newspaper), posted to website, and sent to the county’s interested parties (over 400 local leaders, non-profits, etc.) via email.

The County has and will be conducting neighborhood canvassing to deliver recovery information and collect resident’s comments and concerns regarding unmet needs and recovery projects. The County will perform two types of canvassing, virtual and door-to-door. 1) Under virtual canvassing, the county will send emails to those affected by Harvey in impacted areas informing them of online resources and survey and upcoming community events that County staff will be performing public engagement activities. 2) Under Door-to-Door canvasing, county staff along with community partners will go door-to-door in areas of high Harvey impact providing written resources and realtime engagement at the household level. This will allow those who may not be online to receive information and provide input. Both of the canvassing type will provide information of CDBG-DR programs and possible future projects.

Citizen Comment Documentation

- The required copy of a sign-in sheet from the public hearing is attached.
- A summary of the citizen comments, responses, meeting discussion is attached.

Describe any efforts to notify and accommodate those with modified communication needs, such as posting information and providing interpretive services for other languages (persons with Limited English Proficiency).

Public hearing locations are fully accessible to persons with disabilities. Public hearing announcements will include information on accessibility request for individuals requiring an interpreter, auxiliary aids or other services. Should a significant number of non-English residents be expected at any scheduled public hearings, Spanish interpreters will be in attendance to provide assistance. Should other language interpreters be needed the county has access to these skills through a third party language services vendor.

Citizen Comment Documentation

**Long-Term Planning and Recovery**

Below is an explanation of how the COUNTY’s method of distribution fosters long-term community recovery that is forward-looking and focused on permanent restoration of infrastructure, housing and the local economy and primarily, how these activities will contribute to the long-term recovery and restoration of housing in the HUD-identified most impacted and distressed areas and/or other impacted areas.

Due to the limited amount of Disaster Recovery CDBG funding available to the overall unmet need, the Method of Distribution encourages a focus on key systems, which will have an affect to correct damage, alleviate future disasters, particularly flooding and/or increases public safety and mitigation. Under the housing category, the Harris County will implement several housing programs to repair and construct single family and multi-family units, provide housing opportunities to those displaced by Hurricane Harvey, particularly homeless populations, and buyout repeatedly flooded homes in areas hopelessly deep in the floodplain assisting bought out residents to relocate in an area of reduced flood risk. Harris County Flood Control District will leverage CDBG-DR funding with its existing Hazard Mitigation grant programs to expand and or improve drainage facilities to reduce future risk of flooding to homes, schools and businesses. The non-housing funding is encouraged to correct damage or failure
to function of critical infrasture and or improve drainage systems in the area for long-term protection to housing and businesses.

Unmet Housing Needs
Below is an explanation of how unmet housing needs will be addressed or how economic revitalization or infrastructure activies will contribute to long-term recovery and restoration of housing in the HUD-identified most impacted and distressed areas and/or other impacted areas.

Under the housing category, programs will seek to assist those homeowners who were unable to fully repair their homes, particularly those who are low-income, disabled, or elderly. For those in repetitively flooding homes, the Harris County Buyout program will acquire these units and allow residents to move from flood hazards. Rental units repair will also be a focus as affordable rental housing is in short supply, particularly in impacted areas. Drainage projects and harding of community facilities within flood zones will increase the resilience of the community in future flood events. The repair of flooded roadways will improve that accessibility of residents and first responders in impacted areas.

Affirmatively Furthering Fair Housing Statement
All subrecipients will certify that they will affirmatively further fair housing (“AFFH”) in their grant agreements, and will receive GLO training and technical assistance in meeting their AFFH obligations. Additionally, all project applications will undergo AFFH review by GLO before approval of projects. Such review will include assessment of a proposed project’s area demography, socioeconomic characteristics, housing configuration and needs, educational, transportation, and health care opportunities, environmental hazards or concerns, and all other factors material to the AFFH determination. Applications should show that projects are likely to lessen area racial, ethnic, and low-income concentrations, and/or promote affordable housing in low-poverty, nonminority areas in response to natural hazard related impacts.

Low-to Moderate Income Requirement
Below is an explanation of how the method of distribution meet the 70 percent low-to moderate income (LMI) requirement for each program. This means that 70 percent of the funds must benefit areas that are 51% or more LMI households or benefit households with incomes below 80% of the Area Median Income (AMI).
Harris County will ensure that the 70 percent of CDBG-DR round 1 funding benefits LMI households as the county is the entity that will oversee all CDBG-DR funding in Harris County outside the city of Houston. Each city in the MOD will submit applications up to their MOD non-housing allocation to the county for review. A priority for projects that serve LMI population have been stated in the non-housing application.

In addition, the county will operate all housing programs under the CDBG-DR funding. The county will conduct income eligibility for each housing applicant under HAP, Buyout, and reimbursement programs to ensure compliance with the 70 percent rule. Rental developments selected for funding must set-aside at least 51 percent of units for LMI renter households.

The county will offer a competitive RFP for non-housing projects, which includes cities that were not apart of the MOD, other county departments/entities, and non-profits that had facilities that were damaged or failed to function during Harvey. Once again the application will place a priority on LMI projects.

Finally, Harris County will submit a consolidated application for non-housing funding to the GLO who will also monitor our allocation of funding.

Local Infrastructure Program Method of Distribution Detail
The COUNTY is required to prepare a method of distribution for the local infrastructure program funds between the eligible cities and counties. The GLO has directed the COUNTY to use a direct allocation technique based on objective and verifiable data.

All allocations must meet or exceed a floor of $100,000 to help ensure sufficient funds for at least one eligible project.

**Eligible Activities**

Activities must be specifically related to Hurricane Harvey, and must meet the following criteria as outlined in the State of Texas Plan for Disastery Recovery: Hurricane Harvey (Section IV.F.7.d).

Each infrastructure activity must demonstrate how it will contribute to the long-term recovery and restoration of housing.

The COUNTY has addressed prioritization of eligible activities as follows:

- The COUNTY has chosen not to limit Grantees in the region to projects meeting regional priority activities.

-OR-

- The COUNTY has limited Grantees in the region to selecting projects meeting the following regional priority activities:
  - Water Facilities
  - Sewer Facilities
  - Other Public Utilities (gas, et al)
  - Street Improvements
  - Flood and Drainage Improvements
  - Debris Removal
  - Community Centers & Emergency Shelters (Existing)
  - Fire Protection Facilities and Equipment
  - Specially Authorized Public Facilities & Improvements
  - Public Services
  - Clearance & Demolition Activities
  - Code Enforcement
  - Senior Centers
  - Economic Development
  - Parks, Playgrounds and other Recreational Facilities
  - Other CDBG-DR eligible activities related to infrastructure

**Ineligible Activities**

Ineligible activities for the local infrastructure program are outlined in the State of Texas Plan for Disastery Recovery: Hurricane Harvey (Section IV.F.7.e) and should be referenced accordingly.
Approval and Signatory Authority
A Resolution of the COUNTY is attached approving the method of distribution and authorizing its submittal to the Texas General Land Office. I certify that the contents of this document and all related attachments are complete and accurate.

Alcohol sales in parks being considered for city

By KAROLYN GEPHART
Reporter News Staff

The Friendswood Parks and Recreation staff is reviewing the possibility of allowing alcohol to be sold in both Centennial and Stevenson Parks in the city. The department was directed earlier in the summer to review this possibility.

Alcohol sales could attract corporate sponsors to large events which would help offset the budget for the costs of the program.

Council held a workshop on the topic at the City Hall on September 12. A decision is expected in the near future.

This project, which consists of an old-fashioned carousel and park amenities with it, had been put on hold due to Hurricane Harvey.

FDFA is pursuing an MOU for cooperative effort between their organization and the city. It would affirm that each entity would cooperate in seeking a unified development of the property.

FDFA report that the expansion of park amenities and offerings at Stevenson Park could broaden the usability of the facility.
Notice of Public Meeting

The City of Bellaire will host a public meeting to review Harris County’s Method of Distribution (MOD) for the Community Development Block Grant - Disaster Recovery (CDBG-DR) Round 1 funds for Hurricane Harvey and the allocation of $4,095,702 to the City. The U.S. Department of Housing and Urban Development (HUD) allocated Harris County $1.115 billion in CDBG-DR funding through the Texas General Land Office (GLO) and has developed a MOD to allocate funding to local cities. The City is seeking input on the community needs resulting from Hurricane Harvey and the projects needed to assist with recovery within the city.

The meeting will be held:
Date: Tuesday, October 9, 2018 at 6:00 PM
Location: CenterPoint Energy Community Center, 7001 5th Street Bellaire, TX 77401

**2017 Flood Event - Hurricane Harvey**

On August 23 to September 15, 2017, Harris County sustained significant damage from the major flooding that resulted from torrential rainfall associated with the landfall and slow movement of Hurricane Harvey. As a result, a Presidential Disaster Declaration was declared on
August 25, 2017, (FEMA DR-4332) that included Harris County.

**Harris County Supplemental Action Plan**

The U.S. Department of Housing and Urban Development (HUD) has allocated $5.024 billion in Community Development Block Grant Disaster Recovery (CDBG-DR) funds to the state of Texas in response to Hurricane Harvey, DR-4332, through the publication of the Federal Register, Vol. 83, No. 28, Friday, February 9, 2018. This allocation was made available through the Continuing Appropriations Act, 2018 and Supplemental Appropriations for Disaster Relief Act, 2017 that allocated $7.4 billion in CDBG-DR funds in response to major disasters declared in 2017. In their Action Plan submitted to U.S. HUD on May 8, 2018, the State of Texas, under their program administer the Texas General Land Office (GLO), made a direct allocation of $1,115,386,830 in Community Development Block Grant Disaster Recovery (CDBG-DR) funding (Round 1) to Harris County. A Draft Supplemental Action Plan has been developed by Harris County to program these funds. Harris County encourages all interested parties to review the *DRAFT Supplemental Action Plan* posted below and is seeking public comment on the Supplemental Action Plan for 2017 CDBG-DR funds (Round 1) to be submitted to the GLO.

<td>Comment: From: T. Leavitt-Chavez, Hi-Tec Flooring Distributors, Inc. EMAIL: Hi, this is in regards to the CDBG-DR 2017 public meeting 10/19/18. I was wondering if the potential grant money could go to developing “Easement Swales” introduced in the study Visioning Bellaire Urban Design and Beautification Master plan. I was unable to see amount Bellaire could possibly get from grant online, but if substantial this may be an interesting opportunity to pursue if grant would allow. Response: As the comment was directed to the City of Bellaire, staff provided the comment as follows via email on 10/16/18: The easement swales aren’t how we’re describing the use of the potential CDBG grant funds. The focus of that funding would be the continuance of the storm sewer system upgrades funded in the 2016 bond program, which involves the construction of large underground detention and conveyance systems. The easement swales would involve participation by other entities, and the City of Bellaire would not be the sponsor of that project, and we need to be the sponsoring agent for projects funded through the CDBG. We’re making great progress with other regional partners, in particular in how we improve the north/south drainage systems in Bellaire, but ultimately others, like Harris County Flood Control, will need to take the project lead on those improvements. Let me know if you would like to discuss further. Thank you for paying attention.</td>

2017 Flood Event - Hurricane Harvey

On August 23 to September 15, 2017, Harris County sustained significant damage from the major flooding that resulted from torrential rainfall associated with the landfall and slow movement of Hurricane Harvey. As a result, a Presidential Disaster Declaration was declared on...
August 25, 2017, (FEMA DR-4332) that included Harris County.

**DRAFT Harris County Needs Assessment Plan**

The Draft Harris County Needs Assessment Plan regarding Hurricane Harvey recovery and unmet needs will be submitted to the Texas General Land Office. This plan will assist the county to develop programs utilizing Community Development Block Grant – Disaster Recovery (CDBG-DR) Round 1 funds in the amount of $1,115,386,830. The Harris County Needs Assessment Plan will be available for review on the Harris County Community Services Department (HCCSD) website from September 24 – October 23, 2018.

Written comments must be received by Harris County by 5:00 pm on October 23, 2018. Comments should be addressed to Attn: Planning and Development, 8410 Lantern Point Drive, Houston, Texas 77054 or submitted to plancomments@csd.hctx.net.

**DRAFT Harris County Needs Assessment Plan**

**Public Notice: Draft Harris County Needs Assessment Plan – 9/24/2018**

**Harris County Supplemental Action Plan**

The U.S. Department of Housing and Urban Development (HUD) has allocated $5.024 billion in Community Development Block Grant Disaster Recovery (CDBG-DR) funds to the state of Texas in response to Hurricane Harvey, DR-4332, through the publication of the Federal Register, Vol. 83, No. 28, Friday, February 9, 2018. This allocation was made available through the Continuing Appropriations Act, 2018 and
Supplemental Appropriations for Disaster Relief Act, 2017 that allocated $7.4 billion in CDBG-DR funds in response to major disasters declared in 2017. In their Action Plan submitted to U.S. HUD on May 8, 2018, the State of Texas, under their program administer the Texas General Land Office (GLO), made a direct allocation of $1,115,386,830 in Community Development Block Grant Disaster Recovery (CDBG-DR) funding (Round 1) to Harris County. A Draft Supplemental Action Plan has been developed by Harris County to program these funds. Harris County encourages all interested parties to review the DRAFT Supplemental Action Plan posted below and is seeking public comment on the Supplemental Action Plan for 2017 CDBG-DR funds (Round 1) to be submitted to the GLO.

Draft Supplemental Action Plan
Texas GLO Announces Public Comment Period for Harris County and City of Houston Local Plans:

Method of Distribution

Harris County will receive a direct allocation of Hurricane Harvey Round 1 CDBG-DR funding from the Texas General Land Office (GLO). A methodology for the distribution and calculation to cities within Harris County, who do not receive an allocation directly from the GLO as described by the GLO in their Action Plan, will be established for CDBG-DR infrastructure funding. This method of distribution (MOD) will balance relative impact of Hurricane Harvey on the jurisdiction’s population, percentage of the jurisdiction’s population that is low-to-
moderate-income, and the ability to recover and total unmet need.

**Hurricane Harvey 1st Allocation Residential Buyout Project Application**

The U.S. Department of Housing and Urban Development (HUD) has allocated $57.8 million in Community Development Block Grant Disaster Recovery (CDBG-DR) funds to the state of Texas, to be administered by the Texas General Land Office (GLO) in response to Hurricane Harvey, FEMA-DR-4332, through the publication of the Federal Register, Vol. 82, No. 247, Wednesday, December 27, 2017. This first allocation is the remaining amount from $400 million appropriated under Public Law 115-31 that allocated CDBG-DR funds to Texas for the 2015 and 2016 flood events.

The Texas GLO has approved the Residential Buyout Project Application and a contract was approved and executed by Harris County Commissioners Court on July, 10, 2018.

The County Judge thereupon announced that the motion had duly and lawfully carried and that the order had been duly and lawfully adopted. The order thus adopted follows:

RECITALS:

WHEREAS, On August 25, 2017 Hurricane Harvey made landfall as a Category 4 hurricane and over the next four days dropped as much as 60 inches of rain along the Gulf Coast including Harris County. The event resulted in a Presidential Declared Disaster; and

WHEREAS, The U.S. Department of Housing and Urban Development (HUD) has allocated $5.024 billion in Community Development Block Grant Disaster Recovery (CDBG-DR) funds to the state of Texas in response to Hurricane Harvey, DR-4332, through the publication of the Federal Register, Vol. 83, No. 28, Friday, February 9, 2018; and
WHEREAS, In the State of Texas Action Plan submitted to U.S. HUD on May 8, 2018 by the Texas General Land Office (GLO), the State made a direct allocation of $1,115,386,830 in Community Development Block Grant Disaster Recovery (CDBG-DR) funding to Harris County; and

WHEREAS, in accordance with GLO requirements, Harris County Community Services Department seeks approval the Hurricane Harvey CDBG-DR Method of Distribution in the amount of $120,000,000 and submission to the Texas General Land Office.

NOW, THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF HARRIS COUNTY, TEXAS THAT:

Section 1: The recitals set forth in this order are true and correct.

Section 2: The Commissioners Court of Harris County, Texas shall approve the Hurricane Harvey CDBG-DR Round One Method of Distribution in the amount of $120,000,000 and resolve to submit the Method of Distribution to the Texas General Land Office. The Executive Director of the Harris County Community Services Department or her designee is authorized to submit and add any amendments or comments to the Method of Distribution.
