## Plan Description:

Harris County, under this Amendment to the Action Plan and Consolidated Plan, is proposing to fund projects that will stabilize neighborhoods across the area through acquisition and rehabilitation of foreclosed properties that would become sources of abandonment and blight within the community. Harris County will fund projects that both acquire and rehabilitate foreclosed upon and abandoned properties as well as create programs to help low- moderate- and middle- income individuals create equity to achieve home ownership. After years of steady growth in home prices resulting from low interest rates and creative financing, foreclosures and mortgage delinquencies began to rise in 2007. In the Harris County area, the foreclosures rose to 4.3 percent or 32,666 foreclosures by mid-2008 from 3.0 percent in 2006. This percentage is slightly lower than the national rate of 4.8 percent. The major causes for the increase in foreclosures are subprime lending practices, overextended speculators and over zealous financial institutions. The majority of Harris Countys foreclosures are occurring adjacent to Beltway 8 in expanding and new subdivisions and where homebuyers need creative financing to overcome bad credit and high debt ratios. In HUDs Foreclosure Abandonment Risk Score Index, which evaluates the number of subprime loans, pre-foreclosures, and foreclosures, for Harris County, the areas with the highest risk scores are located adjacent to Beltway 8 from State Highway 249 east to Interstate 10, around the Bush Intercontinental Airport, and the ship channel. These areas have a higher percentage of low- to moderate-income communities than the west side of the county. These areas also have a significantly higher percentage of high cost loans and subprime loans. Home Mortgage Disclosure Act data provided by the Federal Reserve Bank Dallas, provide the location of high cost loans in Harris County. The areas with the highest percentage are similar to the areas of highest Foreclosure Abandonment Risk Scores. Based on the Foreclosure Abandonment Risk Score and information from the Federal Reserve Bank, Harris County identified areas with the greatest need of NSP assistance. These areas have a high risk score and high number of subprime loans. In several high risk areas, foreclosed properties are clustered tightly together. From this data, Harris County identified twenty-two zip codes with the greatest need for assistance based on the areas with the greatest percentage of home foreclosures, highest percentage of homes financed by a subprime mortgage related loan and those likely to face a significant rise in home foreclosures. The list below indicates zip codes (some only partially in HC Service Area) where the County will focus much of its NSP allocation: 77014, 77015, 77029, 77037, 77038, 77039, 77044, 77049, 77050, 77066, 77067, 77073, 77093, 77338, 77396, 77521, 77530, 77536, 77547, 77562, 77571, 77587. Multi-family housing represented 33.6 percent of the total housing in Harris County in 2006. There are an estimated 447,275 multi-family housing units in Harris County. Similar to the rise of single family residential, the increase in the construction of multi-family housing developments in 2006 is described as a boom time for the Harris County apartment industry. Multi-family housing developments also increased in the County due to the needs of evacuees from hurricanes Katrina and Rita. As is the case with single family housing, multi-family housing has been affected by the foreclosure crisis. In the case of multi-family units, not one but many families are in danger of losing their homes as landlords default on mortgaged apartment complexes. With data from KET Enterprises, Harris County determined the location of multi-unit properties in Harris County which have been foreclosed upon or are pending foreclosure.

## Recovery Needs:

Harris County will allocate funding to the areas of greatest need. The identified areas represent those 1) with the greatest percentage of home foreclosures, 2) with highest percentage of homes financed by a subprime mortgage related loan, and 3) those identified by Harris County as likely to face a significant rise in home foreclosures. Harris County will allocate funding to the areas of greatest need, as described in the maps and needs statement. The identified areas represent those 1) with the greatest percentage of home foreclosures, 2) with highest percentage of homes financed by a subprime mortgage related loan, and 3) those identified by Harris County as likely to face a significant rise in home foreclosures.

Based on these needs, Harris County developed the Home Ownership Protection Program (HOPP) to best allocate NSP funding. HOPP is a holistic approach to addressing the foreclosure problems in Harris County. Harris County will use NSP funding to perform traditional acquisitions and redevelopments of abandoned properties, but also supplement this with Harris County funding to creatively address the needs of low-income home owners and residents in the County. HOPP will focus on two areas that address Harris Countys greatest need: 1) homeownership assistance and 2) affordable rental housing.

The homeownership assistance portion of the program will work directly with homebuyers that have current, stable employment, have the ability to service debt and are at or below 120 percent of the median family income. Harris County will focus on identified areas of greatest need within Harris County, in an area where rehabilitation and resale will be in the best possible physical condition and have an impact on stabilizing the neighborhood. All single family activities created through HOPP will include a minimum of eight hours of housing counseling. All housing will be sold to homebuyers at an affordable amount equal to or less than the cost to acquire and redevelop the property into a decent, safe, and habitable condition, but not to exceed \$120,000. The affordable rental properties portion will focus on acquiring and redeveloping properties that are in the NSP areas of greatest need. These properties will be acquired and rehabilitated to provide greater housing opportunities for special populations the lowest income residents residing in Harris County.
