### Areas of Greatest Need:

Harris County, under this Amendment to the Action Plan and Consolidated Plan, is proposing to fund projects that will stabilize neighborhoods across the area through acquisition and rehabilitation of foreclosed properties that would become sources of abandonment and blight within the community. Harris County will fund projects that both acquire and rehabilitate foreclosed upon and abandoned properties as well as create programs to help low- moderate- and middle- income individuals create equity to achieve home ownership. After years of steady growth in home prices resulting from low interest rates and creative financing, foreclosures and mortgage delinquencies began to rise in 2007. In the Harris County area, the foreclosures rose to 4.3 percent or 32,666 foreclosures by mid-2008 from 3.0 percent in 2006. This percentage is slightly lower than the national rate of 4.8 percent. The major causes for the increase in foreclosures are subprime lending practices, overextended speculators and over zealous financial institutions. The majority of Harris County's foreclosures are occurring adjacent to Beltway 8 in expanding and new subdivisions and where homebuyers need creative financing to overcome bad credit and high debt ratios. In HUD's Foreclosure Abandonment Risk Score Index, which evaluates the number of subprime loans, pre-foreclosures, and foreclosures, for Harris County, the areas with the highest risk scores are generally located outside of Beltway 8 from Interstate 10 on the west of the County stretching to Texas State Highway 288 in the South. These areas have a significantly higher percentage of high cost loans and subprime loans. Home Mortgage Disclosure Act data provided by the Federal Reserve Bank Dallas, provide the location of high cost loans in Harris County. The areas with the highest percentage are similar to the areas of highest Foreclosure Abandonment Risk Scores. Based on the Foreclosure Abandonment Risk Score and information from the Federal Reserve Bank, Harris County identified areas with the greatest need of NSP assistance. These areas have a high risk score and high number of subprime loans. In several high risk areas, foreclosed properties are clustered tightly together. From this data, Harris County identified eighty-three zip codes with the greatest need for assistance based on the areas with the greatest percentage of home foreclosures, highest percentage of homes financed by a subprime mortgage related loan and those likely to face a significant rise in home foreclosures. The list below indicates zip codes (some only partially in HC Service Area) where the County will focus much of its NSP allocation: 77002, 77003, 77004, 77009, 77010, 77011, 77013, 77014, 77015, 77016, 77017, 77023, 77029, 77031, 77032, 77034, 77037, 77038, 77039, 77040, 77041, 77044, 77045, 77047, 77048, 77049, 77050, 77053, 77060, 77064, 77066, 77067, 77068, 77072, 77073, 77075, 77078, 77082, 77083, 77084, 77086, 77088, 77089, 77090, 77093, 77095, 77099, 77327, 77336, 77338, 77346, 77357, 77373, 77375, 77386, 77388, 77389, 77396, 77433, 77445, 77447, 77449, 77477, 77484, 77489, 77493, 77502, 77503, 77504, 77506, 77520, 77521, 77532, 77530, 77535, 77536, 77547, 77562, 77571, 77581, 77586, 77587, 77598. Multi-family housing represented 33.6 percent of the total housing in Harris County in 2006. There are an estimated 447,275 multi-family housing units in Harris County. Similar to the rise of single family residential, the increase in the construction of multi-family housing developments in 2006 is described as a "boom time" for the Harris County apartment industry. Multi-family housing developments also increased in the County due to the needs of evacuees from hurricanes Katrina and Rita. As is the case with single family housing, multi-family housing has been affected by the foreclosure crisis. In the case of multi-family units, not one but many families are in danger of losing their homes as landlords default on mortgaged apartment complexes. With data from KET Enterprises, Harris County determined the location of multi-unit properties in Harris County which have been foreclosed upon or are pending foreclosure.

### Distribution and and Uses of Funds:

Harris County will allocate funding to the areas of greatest need. The identified areas represent those 1) with the greatest percentage of home foreclosures, 2) with highest percentage of homes financed by a subprime mortgage related loan, and 3) those identified by Harris County as likely to face a significant rise in home foreclosures. Harris County will allocate funding to the areas of greatest need, as described in the maps and needs statement. The identified areas represent those 1) with the greatest percentage of home foreclosures, 2) with highest percentage of homes financed by a subprime mortgage related loan, and 3) those identified by Harris County as likely to face a significant rise in home foreclosures. Harris County will use NSP funding to perform traditional acquisitions and redevelopments of foreclose, abandoned or vacant

properties. The homeownership assistance portion of the program will work directly with homebuyers that have current, stable employment, have the ability to service debt and are at or below 120 percent of the median family income. Harris County will focus on identified areas of greatest need within Harris County, in an area where rehabilitation and resale will be in the best possible physical condition and have an impact on stabilizing the neighborhood. Homebuyers will be required to take a minimum of eight hours of housing counseling. All housing will be sold to homebuyers at an affordable amount equal to or less than the cost to acquire and redevelop the property into a decent, safe, and habitable condition, but not to exceed the 203 (b) FHA limits. The affordable rental properties portion will focus on acquiring and redeveloping properties that are in the NSP areas of greatest need. These properties will be acquired and rehabilitated to provide greater housing opportunities for low to moderate income residents residing in Harris County.

Harris County will purchase foreclosed or abandoned properties at a minimum 1 percent discount of their current appraised market value and perform necessary repairs. These properties will be available for sale to qualified homebuyers with current, stable employment, have the ability to service debt and are at or below 120 percent of the median family income. Ownership pending resale may be retained by County or conveyed to suitable non-profit. All property sales to new homebuyers shall be in an amount equal to or less than the cost to acquire and redevelop the property into a decent, safe, and habitable condition, but not to exceed the 203 (b) FHA limits. All eligible homebuyers will receive eight hours of homeowner counseling from a HUD approved agency. Interest rates on mortgage loans provided by Harris County will be offered at the set FHA rate at time of transaction, currently 6 percent, for a 30 year fixed loan. Benefits to homeowners will depend on the total NSP subsidy received by the homeowner and will comply with the affordability period established in the Action Plan. Funding under this activity is available for all eligible low- moderate- middle income homebuyers, including those at 50 percent below median family income.

Harris County will acquire and rehabilitate foreclosed, abandoned or vacant properties for the provision of senior rental housing. Ownership may be retained by the County or conveyed to a suitable non-profit. Benefits to renters will continue as long as residents are income eligible. The compliance period requirement imposed on the property owner and manager will depend on the total NSP subsidy to the project and will comply with the affordability period established in the Action Plan. Funding under this activity is available for all eligible low- moderate- middle income residents within the Harris County service area, with a majority of residents to be at or below 50 percent median family income.

**Activity Description:**

Harris County will purchase foreclosed or abandoned properties at a minimum 1percent discount of their market appraised value and perform necessary repairs. These properties will be available for sale to qualified homebuyers with current, stable employment, have the ability to service debt and are at or below 120 percent of the median family income. Ownership pending resale may be retained by County or conveyed to suitable non-profit as long as all profits from sale are returned to County. Any profits will be reinvested in the program to purchase more eligible properties. All property sales to new homebuyers shall be in an amount equal to or less than the cost to acquire and redevelop the property into a decent, safe, and habitable condition, but not to exceed the area FHA 203B limit. All eligible homebuyers will receive eight hours of homeowner counseling from a HUD approved agency. Interest rates on mortgage loans provided by Harris County will be offered at the set FHA rate at time of transaction, currently 6 percent, for a 30 year fixed loan. Benefits to homeowners will depend on the total NSP subsidy received by the homeowner and will comply with the affordability period established in the Action Plan. Funding under this activity is available for all eligible low- moderate- middle income homebuyers, including those at 50 percent below median family income. Budget was increased by \$2,302,709.61 to reflect program income that was generated.
